

Meet the 2012 Mercedes-Benz SLK350

Written by Ashley Haines

Tuesday, 28 June 2011 13:10 -

They say the best things come in small packages- and whoever “they” are must have been talking about the 2012 Mercedes-Benz SLK350 Roadster.

This two-seater coupe is indeed a force to be reckoned with its trademark power retractable hardtop that transforms the vehicle to the ultimate roadster under 20 seconds. Adorned with the signature Mercedes-Benz grill, the SLK350's curvaceous body is ever-so-perfect with fiercely defined, aerodynamic contours from bumper to bumper. No, this isn't your grandpa's sports car.

Underneath the hood rests a new 3.5L V-6, a gem all in its own that'll take the SLK350 from zero to 60 in about five seconds. It's under your control of the re-engineered, first-ever 7-speed automatic transmission complete with paddle shifters. Don't be afraid to handle the SLK350 aggressively: the car's suspension and Direct-steer system make handling each curve, turn, and maneuver almost effortless. Also, Predictive Brake Priming, Automatic Brake Drying, and Hill-Start Assist all ensure a safe drive every time you take a spin.

Speaking of safety, you're in the good hands of Mercedes-Benz. The SLK350 Roadster can endure with its body made up of high-strength aluminum, magnesium, and steel. Inside, eight air bags are installed to protect you from impact, and Attention Assist will help you stay up on those long drives. Mercedes-Benz “mbrace” has got your back in case of an emergency and other things like remembering your parking spot or planning a trip.

Now for the sun stuff: technology. All Mercedes-Benz models are known for the numerous in-car features. We're all guilty of wanting to push buttons to 'see what they can do', and the SLK350 has plenty, accented by the interior's aluminum trim (or upgraded wood), to keep us entertained. Peruse through the HD Radio stations, or stream media via Bluetooth or USB. Take your entertainment system on the road with a 6-DVD/CD changer, eight booming speakers, and 5.8" LCD screen. The console features a large control dial to make operating the SLK350 easier for you.

And for your comfort, the rich leather upholstered seats equipped with eight-way power adjust will have you and your passenger sitting pretty. If none of that is enough, the abundance of optional features is crazy. Keyless Go, a panorama sunroof with the world's first Magic Sky Control, SiriusXM Satellite Radio, and so much more- the ability to customize your own SLK350 Roadster allows for endless possibilities.

Check out the 2012 SLK350 for yourself at Phoenix Motor Company today. Phoenix Motor Company is located at 225 W Indian School Rd, Phoenix 85013 or visit www.mercedesofphoenix.com. Plus check out their new iPhone App and their mobile web site, www.m.phxmb.com.
