An oceanfront standout, [Esperanza](#) offers some of the top opportunities to spa, dine, golf and simply get away with family in Cabo San Lucas.

---

Located on the Baja Peninsula, Esperanza is conveniently located four miles outside of Cabo San Lucas and oversees two private coves on the Sea of Cortez from its perch on the bluffs of Punta Ballena. The regal resort encompasses 59 rooms and suites and 96 expansive one- to four-bedroom villas—all with outdoor terraces and ocean views, many with private infinity-edge hot tubs that offer the epitome of r-n-r.

A must visit for a fun-filled luxury escape, Esperanza features a variety of dining opportunities that range from fine-dining to cool and casual, a full-service spa, five swimming pools, access to nearby championship golf and endless recreational activities (think fishing, horseback riding, hiking, snorkeling and much more). Plus, resort guests can soak up the sun and dig their toes in the sand at two private beaches.

This summer, Esperanza welcomes a one-of-a-kind opportunity to enjoy quality time with your entire family. Via the Mi Familia package, Esperanza's family-night concierge will set up a special evening in your villa, which includes classic board games as well as Mexican-inspired games. Plus, what is a game night without snacks to savor? Mi Familia guests also get to dig into a complimentary snack bar with the likes of churro popcorn, fresh fruit skewers, chips and guacamole and warming Mexican hot chocolate.
