Frequently Asked Questions About Medical Transport

Are there services to drive you to and from a doctor in Arizona?

Yes. Medical transport in Phoenix, Arizona can do much more than providing medically monitored rides for emergency purposes. These reliable services can also offer transportation to and from doctor appointments. Companies like Royal Express Medical Transportation and Healthlift of Arizona provide specialized non-emergency medical transportation (NEMT) services.

Does Medi-Cal cover ambulance rides?

Medi-Cal, California's Medicaid program, covers both emergency and non-emergency ambulance rides under certain conditions. In case of emergencies, Medi-Cal generally covers the cost if the transport is deemed medically necessary. For non-emergency medical transportation (NEMT), Medi-Cal provides coverage if the service is essential for the patient's medical care and is authorized by a healthcare provider.

What is non-emergency medical transportation in the US?

Non-emergency medical transportation (NEMT) in the US are transportation services provided to people who need assistance getting to medical appointments but don't require emergency medical intervention. NEMT services include wheelchair-accessible vans, ambulatory vehicles, and stretcher transport.
