Everyone is buzzing about CoolSculpting, the new non-invasive procedure that permanently removes stubborn fat using cold laser technology.

CoolSculpting gently targets and cools unwanted fat cells in the selected area to induce a noticeable, natural-looking reduction in fat bulges. You've probably heard some of the hype about this new technology that can "freeze" fat away. You may have seen CoolSculpting featured on *The Dr. Oz Show*, *Good Morning America*, or *Nightline*. And we agree, this is one "cool" therapy. Dr. Daniel Shapiro, one of Scottsdale's premier cosmetic surgeons that is renowned nationwide as a liposuction expert is one of the first in the Valley to offer this remarkable procedure in his office. Imagine, in just an hour you can experience up to a 25% reduction of fat in target areas like the abdomen, back, hips and thighs with no anesthesia, no needles, and no downtime. Ready to learn more about this amazing new option to get the sexy, beautiful curves you desire? Sign up now for Dr. Shapiro's "Get the Skinny" CoolSculpting event on Tuesday, November 29th from 5:30pm to 7:30pm.
